GAINESVILLE, FLORIDA, SATURDAY, AUGUST 28, 1909

TEN CENTS A WEEK

OAK HALLS TURNED THE TABLES ON OCALA BOYS

Watson's Good Work in Box, Together With Hits When Needed, Won the Game.

The Oak Halls "found themselves" again Friday in the ball game, but only for a few innings, and it was through the especially hard work of "Pop" Watson and a few of the players that we came out victorious.

The whole thing was characterized by errors, it being a hard matter to tell who was trying to get in the "air" column the most, and while the game proved interesting and full of excitement, it was not what could be called good ball.

Sandy Graham played the usual clever game he has been doing for some time past, but as much cannot be said of some of the others. Sandy's beautiful catch in the ninth was well worthy of the liberal applause that was given him by the Ocala people, who took their defeat good-naturedly and stated they would be ready for the next games on next Thursday and Friday in the Brick City.

The Ocala team was composed of Palatka, Orlando and Ocala, two each from the former towns. Pounds of Orlando made a beautiful catch that "robbed" Gainesville of a hit in the first inning.

It was clearly evident that Gainesville had landed onto Brown in good fashion, for they had the game won before he warmed up and had passed five men across the rubber when he was taken from the mound and "Red" Donaldson substituted in his place, but they also found him for nice hits in the seventh and eighth.

In the first half of the sixth, by the action of Yoe, Gainesville went in the air and before they landed on the ground the Ocala boys managed to tie up the score. There were a number of long faces, but by the hard work of Watson, with some assistance, he managed to pull out of the hole.

The Ocala players, including their rooters, returned home last night, just boiling over with baseball enthusiasm, and they say they propose to make it two straights when Gainesville visits Ocala next week.

Manager Davis has asked for a special train with a low rate for

Thursday's game and hopes to take down a large crowd of people to as game by innings:

How It Was Done.

Following is a brief account of the game by innings:

First Inning.

Pounds, the Orlando center fielder, popped out to first; Red Donaldson, who tried-out with the Jacksonville tail-enders, reached first on Allen's error; L. Donaldson flew out to right; Waller also flew out to right.

Spottswood hit a line drive to short, who made a sensational catch; Allen went to first when Brown muffed an easy one, and went to third when Collins dropped Graham's sacrifice hit; Graham safe at first; Hendricks out, short to first, Allen scoring on the throw to first; Miller flew out to deep center. Hits 0, runs 1.

Second Inning.

Collins safe at first on grounder through third; Bennett went to first when Miller dropped the ball from Allen. Collins taking third; Galloway popped out to Miller, a double being made to third, with Collins as the victim; Bennett went to second on the play; Selph whiffed. Hits 0, runs 0.

Yoe out, second to first; Taylor flew out to left; Bullock singled to left, and went to second on Watson's grounder, which was fielded slowly; Spottswood out, second to first. Hits 1, runs 0.

Four in the Third.

Brown safe at first on error of Yoe, who fielded slowly; Pound fouled out to Yoe; Red Donaldson fanned, and Selph, running for Brown, was caught. Bullock to Allen. Hits 0, runs 0.

Allen went out, third to first; Graham was hit by Brown and went to the first sack; Taylor, running for Graham, took second on a passed ball; Hendricks was hit by Brown, taking first; Miller singled to left, filling the bases; Yoe singled to center and before Ocala could recover the ball four men had crossed home plate; Taylor out, third to first; Bullock popped out to Collins. Hits 2, runs 4.

Fourth Inning.

L. Donaldson flew out to Spotts-

FIVE DEAD FROM PELLAGRA.

MONTGOMERY, Ala., Aug. 27.—With five deaths from pellagra in Butler county, three others dying and three cases under observation, there is almost a panic in that section. The State health department has been importuned to send help, but cannot, as Dr. Mason, the only expert of this kind in the service of the State, is investigating in Clark county, where more than 100 cases are reported. Nothing can be done either to suppress or control it.

County health officers have been instructed to isolate all cases and watch them to determine whether they are infectious.

TILLMAN URGES STATE-WIDE.

COLUMBIA, S. C., Aug. 27.—Senator Tillman, in Columbia yesterday on his way to Anderson, said he hoped the next Legislature would pass a Statewide prohibition bill, because, he said, it was only a question of time before corruption in the county dispensary system will be as bad as in the old State dispensary system.

He says the effort to change the personnel of Clemson College board will never succeed.

MINERS DROP TO DEATH.

MEXICO CITY, Aug. 27.—A special dispatch from Mateahuala says that fifteen miners were killed and thirty imprisoned by the dropping of a cage into the La Paz mine there. The cable parted through failure of the brakes and the men dropped 1,500 feet.

The cage was sent to the rafters of the shaft house and the strain snapped the cable.

wood; Waller out, short to first; Collins went the same way. Hits 0, runs 0. (The band played a selection at this stage of the game.)

Red Donaldson relieved Brown, the latter going to the bench, Dodge covering second. Watson struck out; Spottswood out, pitcher to first; Allen whiffed. Hits 0, runs 0.

Fifth Inning.

Bennett skied out to Graham; Galloway did the same stunt; Selph fanned the atmosphere. Hits 0, runs 0. (The band played another selection.)

Graham out, second to first; Hendricks went to first on Pound's error at short, and swiped second; Miller out, third to first; Hendricks stole third, as usual; Yoe popped out to short. Hits 0, runs 0.

Three for Ocala in Sixth.

Dodge hit one to Yoe, who fumbled, Dodge safe at first; Pounds grounded to pitcher, but Allen failed to cover second, both safe; Red Donaldson hit to Yoe, who held the ball, and Dodge scored; Waller sacrificed; Collins grounded to Allen, who fumbled, and Pounds and L. Donaldson scored; Bennett walked; Galloway out, short to first. Hits 0, runs 3-4 errors.

Taylor flew out to right; Bullock took Big Four route; Watson struck out, and Bullock was caught trying to get to second. Hits 0, runs 0.

Seventh Inning.

Selph went out, Hendricks to Miller, Dodge out, pitcher to first; Pound singled through second, and stole second; Red Donaldson singled to right scoring Pounds; L. Donaldson sent a long one to Graham, retiring the side. Hits 2, runs 1.

Spottswood grounded out to first; Allen singled to left; Graham popped out to short; Pounds throwing Allen out at first. Hits 1, runs 0.

The Awful Eighth.

Waller grounded to short and beat it out but was forced out at second on Collins' grounder to third; Collins took second on a bad throw; Hendricks struck out; Galloway singled to left, scoring Collins, Galloway going to second on the throw home; Selph popped out to Hendricks. Hits 0, runs 0.

(Continued on Page Three.)

WEALTHY LUMBERMEN MUST SERVE SENTENCES

President Taft Commuted Terms of Three of the Convicted Men to Six Months Each.

PENSACOLA, Fla., Aug. 7.—The action taken by President Taft in commuting to six months each the terms of imprisonment imposed upon W. S. Harlan, manager of the Jackson Lumber Company, S. E. Huggins and C. C. Hilton, of the company, who were convicted in the Federal court here three years ago on charges of conspiracy to commit peonage, was last night communicated by Attorney-General Wickerham to Special Assistant Attorney-General Reese of this city.

The Attorney-General instructed that the Supreme Court mandate in these cases be filed immediately and the sentences be executed without further delay.

It is expected that the United

States marshal will leave for the Atlanta Federal prison Monday with the three prisoners named, as well as Dr. Grace and C. Gallagher, two other officers of the lumber company who were convicted at the same time and whose sentences as imposed by the court were not lessened by executive act. Harlan is one of the wealthiest and most prominent lumber men in the South and is a nephew of United States Supreme Court Justice Harlan.

The sentences by the trial court were as follows: Harlan, eighteen months at hard labor and \$500 fine; Gallagher, fifteen months at hard labor and \$1,000 fine; Huggins, Hilton and Grace, thirteen months at hard labor and \$1,000 fine.

Dr. Bondurant of Woman's College Dies at Asheville

TALLAHASSEE, Aug. 27.—Tallahassee is saddened by the news which reached here Wednesday night of the death of Dr. B. C. Bondurant, Professor of Greek and Latin and one of the best-loved members of the Woman's College.

Dr. Bondurant fell a prey last spring to the dread disease, consumption, in its most rapid form. In company with his brother, E. T. Bondurant, of Rice Depot, he left here in April, after a month's illness, for San Antonio, Texas, where under the affectionate care of another brother, W. W. Bondurant, of that city, he hoped that the ravages of the disease might be checked. In the early summer he was carried to Asheville, N. C., and there died. His remains were carried to Farmville, his birthplace, for interment.

Dr. Bondurant graduated from all

Hampden-Sidney College, Virginia, taking the degree of A. B. He became a graduate student of Cornell University in 1895; Fellow of the West Virginia University 1899-1900; graduate student in Latin and Greek, University of Chicago, 1902-1905; Fellow of Latin at same university 1903-05; receiving his Ph.D. degree in 1905. In addition to this work, Dr. Bondurant held professorships at various Southern colleges, always with honor to himself and satisfaction to his patrons and pupils. In Tallahassee he had many warm friends. Although of a modest, retiring disposition, he was very popular and much sought after in society. Held in real esteem and affection by his fellow-members of the college faculty, and high in favor with the student-body, his death is deeply and sincerely deplored by

Pastor Wins Against Woman's \$20,000 Damage Suit

ATLANTA, Aug. 27.—A jury in the Superior Court at Jonesboro, Clayton county, yesterday brought in a verdict for the defendant in the case of Mrs. Sadie A. Bean against Rev. J. C. Atkinson, pastor of the Jonesboro Methodist church, in which she had demanded \$20,000 damages for slander. In a sermon which he delivered nearly a year ago, Dr. Atkinson referred to those members of his flock who sought to sow dissension in the church, as "devils incarnate."

Mrs. Bean charged that the reference was to her and also claimed that the pastor had referred more di-

rectly to her, which was denied. Dr. Atkinson, however, introduced witnesses to show that Mrs. Bean had been a disturbing element in the church.

Some of the witnesses testified she had said the teacher of the Bible class was ignorant, that the Sunday school superintendent was too slow, that the voices of the choir were cracked and that a certain lady member who gave an ice cream festival for the church was "not on the job."

The jury after short deliberation brought in a verdict for the pastor. Mrs. Bean made no comment.

Inmate of Poor House Becomes Heir to \$200,000

BLOOMINGTON, Ill., Aug. 27.—Through the death of Oliver Newhouse, an inmate of the poor farm of this county becomes heir to the largest estate in the history of the State.

The testator is 80 years old and has been sick, penniless and friendless for some time. He has been employed at a local hotel as porter for a number

of years, but six months ago was laid up with a severe attack of rheumatism and was compelled to go to the poor farm.

The estate comprises 300 acres of rich Indiana farm land, located within five miles of Indianapolis and valued at \$200,000. There is also the sum of \$50,000 in cash on deposit in Indianapolis banks.

Thos. A. Edison Says Fill Up East River and Dig Another

NEW YORK, Aug. 26.—To fill up the East river and dig another one is the stunning proposition put forward in an interview printed in The New York World from Thomas A. Edison, the inventor. This he declares to be at that only a third-class engineering feat.

Mr. Edison thinks that no bridge should ever have been built across the East river. The river should have been filled up and another one dug, and the artificial river should have been filled up and another one dug, and the artificial river should have been filled up and another one dug.

Mr. Edison says that the plan he proposes would not cost any more, or not much more than one bridge. He says that the city of New York has spent \$60,000,000 for the four bridges that connect Manhattan with Long Island, and that they don't begin to take the place of solid earth.

They are doing a great deal more difficult task out in Seattle. Those Seattle fellows are moving a mountain. I've seen them doing it. They are taking a mountain three hundred or four hundred feet high and are carrying it bodily away. They want to put a street through. The mountain interfered. So much the worse for the mountain. It is being carried off and dumped where it won't be noticed.

Mr. Edison says that the plan he proposes would not cost any more, or not much more than one bridge. He says that the city of New York has spent \$60,000,000 for the four bridges that connect Manhattan with Long Island, and that they don't begin to take the place of solid earth.

NEGRO ESCAPES FROM COUNTY JAIL YARD

WAS TAKEN FROM CELL TO CUT
DOWN WEEDS IN YARD.

Had Been Placed There Only a Couple
of Days Since for Petit
Larceny.

Arthur Polite, a young negro apparently about twenty years of age, escaped from the county jail yard Friday morning while he was supposed to be busy cutting down the weeds in the place.

Jailor Torley, who had been noticing the negro all the morning, had barely turned his back when he slipped out of the enclosure by the back gate and made his escape through the pasture in the rear of the lot.

Polite was convicted a couple of days since on a charge of petit larceny and was given a sixty days' sentence by County Judge Mason, and Sheriff Ramsey was awaiting the time limit before sending him to the camps, but he being one of the most available ones in the cell, the jailor took him out for the purpose of cleaning the yard, which resulted in his escape.

Mr. Torley, the jailor, had gone into the kitchen to see about preparing the noon meal for the prisoners and it was while he was thus engaged that the negro took advantage and slipped through the back gate.

Polite is very black and between 5 feet 8 inches or 10 inches tall, very shabbily dressed and had on dirty overalls with an apron front. Sheriff Ramsey has notified the nearby places, but made a special trip to Waldo yesterday in the hopes that he would see the fugitive along the road somewhere making for other quarters.

The sheriff has offered a reward of \$10 for his arrest and return to him, and is of the opinion he will be caught within the next few days.

MR. BALDWIN PASSES AWAY.

Died at the Sanitarium on Thursday
Night at 9 O'clock.

Mr. B. L. Baldwin, who was in his eighty-fourth year, died at the Sanitarium on Thursday night at 9 o'clock after suffering about sixteen months from paralysis and other diseases with which he was afflicted.

He was removed to Gainesville from Fort Pierce some eight months ago in the hopes that the change would prove beneficial, but for the past eight or ten weeks he has been gradually sinking and it was known that he could not long survive.

Mr. Baldwin was for a number of years master mechanic for the old Florida Southern railroad and made his home in North Gainesville, having lived here with his family for several years. He was one of the charter members of Center Lodge No. 11 and this society has looked after him and made the necessary arrangements for the proper care of the remains, shipping them to Fort Pierce Friday at 12:50 p. m., where the interment will be held.

The deceased leaves one daughter, Mrs. Maude Goldsmith of Fort Pierce, one son, who is engaged as engineer on the East Coast, and two sons now living in the West, to mourn their loss.

Some few months before being stricken with paralysis, Mr. Baldwin invented an air-brake arrangement for use on locomotives, but for lack of funds failed to secure his patent, and his invention was lost. By some who saw it it was pronounced very successful, and would have revolutionized the method now employed.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

PAM-ALA

for MALARIA (Chills and Fever)
Rids the blood of the Malarial poison.

O. S. Stevens, Placita Hotel, Jacksonville, writes: "March 12, 1909, I was suffering from Chills and Fever. After taking 'PAM-ALA' the chills and fever disappeared. After suffering for years from Malaria I have at last found a remedy for it, and gladly recommend it to all those who suffer as I did."

Obtainable at all drug stores.

EARLY FIRE WAS THE WORK OF INCENDARY

SAWDUST SATURATED WITH
KEROSENE BACK OF STAGE.

Manager Wellington States That the
Loss to the Company Will
Run About \$50.

The fire at the Air Dome on Friday morning was the work of incendiaries, as it has since been discovered that the place was well saturated with kerosene where the flames started from.

Policeman Owens had only a short while before heard a noise in that direction but upon visiting the place found everything quiet and all right. However, at a quarter to three o'clock, Night Clerk Leon Morris of the Brown House saw the flames from the front of the building and at once rushed and sent in an alarm.

The main stuff burned was combustible, and it is a wonder that the flames did not spread more rapidly, for it was found upon the arrival of the department, which responded with its usual promptness, that only the services of the chemical engine were needed.

The fire destroyed all of the scenery, the curtains, and also burst a few of the electric light globes, and burned some of the canvas that covers the first part of the place.

Very little of the woodwork had been damaged when the department arrived and it was an easy matter for them to extinguish the flames.

Upon investigation Friday it was found that the shavings which were placed in the place for floor purposes were soaked with kerosene and this has led the proprietors to offer a reward and start an investigation to find the guilty parties.

A Weakling

Is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food—the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. Sold by W. M. Johnson.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents handle.

Fishing, including ship wrecks, dig, dig, dig, drive one wild. Downy Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

BALL PLAYER HIT BY ELECTRIC BOLT

THOUSAND PERSONS SAW BED-
FORD STRICKEN DEAD.

Second Baseman of Cuban Giants
Team Killed While Making
Ready for Game.

ATLANTIC CITY, N. J., Aug. 27.—In full view of nearly one thousand persons, William Bedford of Cairo, Ill., negro second baseman of the Cuban Giants baseball team, was instantly killed by lightning yesterday afternoon while practicing before the game with Atlantic City at Inlet Park. The bolt struck the ground close to the players, and ran through the spikes in his shoes into his body.

Although dead when picked up, Bedford's body carries no burns or other marks of the lightning. Walter, shortstop of the team, and Charles Follie, catcher, were close by, and were knocked down by the shock without being injured.

The spectators sitting in the stands felt the force of the shock, and were thrown into a panic. There was no stampede, however, and no one was injured. Bedford left a family.

TWO CENTS MORE FOR
REGISTERED LETTERS.

WASHINGTON, D. C., Aug. 27.—An increase of two cents is to be made in the near future in the fee for the registration of letters and mail packages.

Announcement of the proposed change was made by Postmaster-General Hitchcock. The decision of Mr. Hitchcock to increase the registry fee followed an extended inquiry into the registry system by a special committee appointed by the Postmaster-General.

Cured Hay Fever and Summer Cold
A. S. Nusbaum, Batesville, Indiana writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

HARD ROAD TO BE BUILT TO THE LAKE

AUTOMOBILISTS HAVE INTERESTED THEMSELVES IN MATTER.

Will Prove Quite a Point of Interest if Grounds Are Sufficiently Improved.

Another effort is being made to build a hard road to a suitable point on Lake Newnan that the citizens may have a place to go and spend a few pleasant hours.

Both Robertson's point and the old log landing have been spoken of as desirable places and an effort will be made to have one of these places cleaned at an early date and a roadway cut that automobiles may visit the place.

Now that a large number of machines are already here and a great many more ordered that will be delivered within the next few weeks, it will probably be only a short time before they will succeed in carrying out the new plan.

The parties at work on the scheme are keeping their names quiet for the present, but have already gone to work to make the improvements and within a few weeks they expect to have the right-of-way cut, and then the hard road will be built, if it has to be done by private subscription.

Lake Newnan is one of the largest bodies of water to be found in this part of the State, the attractive places along its shores making it an ideal location for picnics, and with the proper accommodations and boats placed at a convenient point, the owners of such a place would reap a rich harvest, especially in the winter months when travel comes this way and the city is filled with visitors.

Take Notice.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. J. W. McCollum & Co.

HARDWARE CO.**

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OAK HALLS TURNED THE TABLES ON OCALA BOYS

(Continued from Page One.)

1, runs 1—score tied. (The band "played a piece" for Ocala's benefit.) Hendricks walked, and swiped second; Miller walked; Yoe bunted, filling the bases; Taylor bunted, but Hendricks was forced out at home; Bullock singled through second, scoring Miller and Yoe; Taylor scored on passed ball, Bullock taking third; Watson singled to right, scoring Bullock; Spottswood out, third to first, and Miller, running for Watson, thrown out at third. Hits 2, runs 4.

Ninth Inning.

Dodge grounded to short and beat it out; Pounds popped an easy one over the pitcher, no one attempting to catch it, but Dodge was thrown out at second; Red Donaldson singled to right, advancing Pounds to second; L. Donaldson flew out to Graham, who made the most sensational running catch seen here recently. In fielding the ball, which was near the foul line, he fell, but held the ball in the air all the while, and Hendricks snatched it from Graham and doubled it to Allen, catching Pounds. Hits 1, runs 0.

The Summary.

Score by Innings. r. h. e.
Ocala 5 0 0 0 3 1 1 0—5 5 3
Gainesville 1 0 4 0 0 0 0 4—9 7 9

Bases on balls—Off Watson, 2; off Brown, 0; off Donaldson, 2.

Wild pitches—Watson, 1; Brown, 1; Donaldson, 2.

Struck out—By Watson, 4; by Brown, 0; by Donaldson, 3.

Double plays—Miller to Yoe.

After a heavy meal, take a couple of Doan's Regulents, and give your stomach, liver and bowels the help they will need. Regulents bring easy, regular passage of the bowels.

CHOLERA MAKES ITS APPEARANCE AT ROTTERDAM

Greatest Precautions to be Taken to Prevent Introduction of Disease Into United States.

ROTTERDAM, Holland, Aug. 27.—Several suspected cases of cholera have been reported in Rotterdam since the discovery of the disease here Wednesday, notably among the occupants of a barge, on board of which a child had died previously. All the suspects have been quarantined.

At yesterday's sitting of the municipal council, the burgomaster announced that there had been four deaths from cholera and that out of nine suspected cases now in the isolation sheds, three had been found to be infected with cholera bacillus.

No further fresh cases were reported yesterday. The general opinion is that the disease was brought to this port from St. Petersburg.

INFESTED VESSEL SAILS FOR U. S.

WASHINGTON, D. C., Aug. 27.—That the Dutch ship Andyk is en route to the United States with cholera aboard is inferred from a telegram from the American consul at Rotterdam received by the Marine Hospital Service yesterday, through the State Department. The vessel is a slow steamer, and is not expected to arrive off Cape Charles until about Sept. 8th.

Surgeon-General Wyman of the Public Health and Marine Hospital Service last night cabled Assistant Surgeon Robert A. C. Wollenburg, stationed at Naples, to proceed at once to Rotterdam, where cholera has appeared, to assist American Consul Liston in seeing that Treasury Department regulations regarding vessels

sailing for the United States are carried out. The greatest precautions are to be taken to prevent the introduction of the disease into the United States.

CHOLERA RAGING IN RUSSIA.

ST. PETERSBURG, Russia, Aug. 27.—A violent outbreak of Asiatic cholera has occurred at Vitebsk, which is the capital of the government of that name, situated on both sides of the Duna. The outbreak exceeds in intensity that in St. Petersburg, there being twenty-six cases and six deaths yesterday and 114 cases and 42 deaths in the past week.

QUEEN'S VISIT CANCELLED.

THE HAGUE, Aug. 27.—The outbreak of cholera at Rotterdam has caused the most serious alarm here as well as at other places in Holland, and stringent precautions have been adopted everywhere to prevent the spread of the disease.

The proposed visit of the Queen Dowager and the Princesses of Benthien to Rotterdam has been cancelled.

ENGLAND ON GUARD.

LONDON, Aug. 27.—The English sanitary authorities have declared Rotterdam an infected port and regulations will be enforced at all British ports for the examination of all vessels arriving from Holland in order to prevent the cholera being introduced into England.

PHIFER'S OPENING.

Sale Starts Off Briskly and Orchestra Was Engaged for Opening.

Phifer's Big Ten-Day Sale started off Friday morning at 9 o'clock with a rush and all during the day the store was packed and jammed with people eager to get some of the rare bargains advertised.

This firm secured the services of the Woltz Orchestra for their opening Friday morning and all during the forenoon they dispensed sweet music to the merry buying crowd.

The opening far exceeded the firm's expectations and the business done was highly satisfactory.

A Splendid Trip.

C. W. Hill, manager of the Gainesville Motor Car Co., returned yesterday from a most successful trip to Ocala in the interest of the Brush Runabout, which car he drove down Monday.

The trip was made on a consumption of only 2 3/4 gallons of gasoline, which, considering the condition of the roads, was a most wonderful record.

While there Mr. Hill placed a sub-agency with R. R. Carroll, who will control the sale of the Brush cars in Marion county. Great interest was shown in the little car, many sales being made, and the prospects for a successful season are very apparent for this company.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition—it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by W. M. Johnson.

"Old Stand With New Name!"

NEWS FROM ALL PARTS OF FLORIDA

The work of laying the track of the Escambia Land & Manufacturing Co. between Pace's Mill and Mulat is nearing completion. This five miles of railroad is to facilitate the carrying of lumber from the mill to a junction with the L. & N. at Mulat. —Pensacola Journal.

It has been definitely established that a medium-sized hog can be produced for the market in Florida at about half the actual cost it requires in the great hog belt of the West. That means double the profit to be obtained in Illinois, Iowa and other meat States. —Levy Times-Democrat.

The Miami Rifles are planning to move into their new armory Thursday, and as a sort of celebration to the event guard mount and dress parade will be held on the Royal Palm grounds in the afternoon. The new armory in architecture and convenience is one of the finest in the State. —Miami News-Record.

At a meeting held Monday night the Board of Public Instruction of Pensacola awarded contracts for plumbing in seven of the public schools which are on streets along which sanitary sewers are laid, and these schools will be connected with the sewers. The work will entail an expenditure of about \$5,000.

The excursion to Fort Myers Tuesday morning operated by the Atlantic Coast Line carried to that city 1,100 people. One hundred of this number were from Tampa and all the excursionists greatly enjoyed the day, the people of that city planning a great entertainment carried out in detail as advertised. —Tampa Tribune.

The white fly seems to be trying to put the fruit growers around Seminole out of business. But the Seminolites are too progressive and learned people to allow such pestiferous little intruders to destroy years and years of labor. They report their groves to be looking exceptionally thrifty, and say the fruit will be as good as any in the market this winter.

perous boat builder, proposes to very soon build for his own use one of the prettiest racers that will be set afloat this season. He and W. I. Grable, postmaster there, are very enthusiastic yachtsmen. Both gentlemen have recently been admitted to the yacht club, having formerly belonged to the yacht club at Marble Head Neck, Mass.

Past the sea buoy and about fifty miles from Tampa, the local wireless station at 4 o'clock yesterday afternoon caught the steamer Colorado, of the Mallory Line, en route to New York via Key West. The Colorado was advised of the storm warning for the Gulf and immediately put back inside of the Tampa keys about 25 miles from Tampa, coming to anchor at 5:35 and immediately notifying the local station. —Tampa Tribune, 25th.

Modern St. Petersburg, a veritable dragon of progressiveness, is slowly but surely devouring the old landmarks from the business district. One after another the old houses disappear into its capacious maw. The latest victim of its insatiable appetite is the old Anderson home, which is being moved to Fourth avenue and Ninth street, its place to be taken by a modern business block. —Evening Independent.

Baseball devotees of Tampa are greatly interested and elated over the information that President Ball of the local club has secured from Havana three of the star players of Cuba, who arrived there yesterday to strengthen the local team. The three crack men from the Cuban baseball field are Armado Marsans, center fielder of the Almendares club of Havana; Bernardo Carrillo and Gonzalo Sanchez. All three of the men named are classed as the best ball players on the island of Cuba, and with this strengthening trio the Tampa team is expected to make a brilliant finish in the Florida State League season to close the middle of next month.

While making an excavation of gas mains in the northwestern part of Pensacola workers unearthed the skeleton of a very large man, and in the same place the affrighted force lifted to the surface remains of an old-fashioned flint-rock gun, two lozenge lead balls, pieces of flint rock, a powder horn, half full of black powder, and many other articles, including the head of an axe. The gun was rusted and not a part of the stock remained, it having been rotted away. The bones were extra large, the femur being longer than one in a man six feet in height. The discovery led people to surmise much upon the probable length of time the skeleton had been there and the opinion is advanced that it was for more than one hundred years, considering the type of gun and axe recovered. A tuft of hair was of an ashen shade, leading to the belief that the unfortunate was a white man. It is believed he was wounded and crawled near to the hill side to die, which he did. The body being undiscovered, it was gradually covered up by sand washed from the hill, remaining undisturbed until the spade of a workman disturbed it and brought it to daylight. —Levy Times-Democrat.

STOCKS OF HARRIMAN TOOK BIG TUMBLE

PESSIMISTIC RUMORS CIRCULATED IN ABSENCE OF NEWS.

Union Pacific Lost 7½ Points, Preferred 4—Southern Pacific Lost 5½ Points.

NEW YORK, Aug. 27.—The state of Mr. Harriman's health continued to be the principal topic of interest to Wall Street yesterday. There was little or no definite news to be had, and in its absence, pessimistic rumors of varied characters held the fort and sent the Harriman and allied stocks spinning downward. The slaughter of prices was attended by the usual list of "dead" and "wounded" on the speculative field. At the close of the day's business, which aggregated more than 1,200,000 shares, many "pyramided" accounts had evaporated into thin air, and the clerical forces of most brokerage houses were kept working long into the night issuing calls for additional margins.

Since early in July it has been a Harriman, or "one man" market, although his friends and associates have frequently declared that the recent rise in Union and Southern Pacific was without his consent or connivance. Yesterday's pessimistic gossip therefore quickly acquired a strength sufficient to give the entire market a convulsive downward movement. The day's losses in the general list ranged from 7½ points in Union Pacific, 4½ in Reading, 3½ in New York Central and 2½ in United States Steel.

For Feverishness and Aching

Whether from Malarious conditions, colds or overeating, try Hicks' Capidine. It reduces the fever and relieves the aching. It's liquid—10, 25 and 50 cents at drug stores.

MASTER'S SALE.

Notice is hereby given that under and by virtue of a final decree dated July 28th, A. D. 1909, rendered by the Judge of the Circuit Court of Alachua county, Florida, in chancery sitting, in favor of Theodosia T. Williams, complainant, and against J. J. Parish, Jr., and J. F. Graddy, as co-partners under the firm-name and style of J. J. Parish, Jr., & Company, Bankers; J. H. Coffee, as Receiver of said defendants; H. A. Williams; W. D. Finlayson, Jr.; and W. E. Kite and Robert Kite, as co-partners under the firm-name and style of Robert Kite & Son, defendants, the undersigned Special Master in Chancery will sell on Monday, the 6th day of September, A. D. 1909, between the legal hours of sale of said day, before the Court House door at Gainesville, Florida, at public outcry, to the highest and best bidder therefor, for cash, the following described lands, to-wit:

All that certain lot, piece, parcel or tract of land situate, lying and being in Waldo, Alachua county, Florida, described as follows, to-wit: In Lot 2 of Block 8, said lot running northwest and southeast 20 feet, fronting and running parallel with Sparkman Street; thence running back from Sparkman Street 45 feet on the dividing line of Lots 2 and 3; thence running 20 feet towards the dividing line of Lots 1 and 2; thence running back 45 feet, fronting on Sparkman Street. Together with all and singular the tenements, hereditaments and appurtenances to the same belonging or in anywise appertaining.

And also the following described personal property, to-wit: One typewriter and one typewriter desk.

And that on the same date and between the legal hours of sale of said date, I will, in the same capacity as such Master, sell at public outcry, to the highest and best bidder therefor, for cash, at the building situated on the above described lands, the following described personal property in said building on said lands situated, to-wit:

All the bank and office fixtures and furniture of whatsoever nature contained in the bank building on the above described tract of land.

Said property to be sold as the property of J. J. Parish, Jr., & Company, Bankers, to satisfy said decree and costs.

T. W. FRIEDLING,
Special Master in Chancery.
T. D. FRIEDLING,
Attorney for Complainant.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 488, LAWS OF FLORIDA.

Notice is hereby given that H. W. Foster, purchaser of Tax Certificate No. 10, dated the 28th day of August, A. D. 1909, has filed said certificate in my office, and is making application for tax deed to cover the following described property situate in Alachua county, Florida, to-wit:

Lot 10, Block 10, Addition to Moultrie.

The said land being assessed at the date of the filing of such certificate in my name of \$100.00.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 1st day of August, A. D. 1910.

Witness my official signature and seal this 28th day of August, A. D. 1909.

SAVANNAH, GEORGIA

AIR SPEED RECORD IS NOW LATHAM'S

EXCITING SCENES ON RHEIMS
AVIATION FIELD.

Latham, Who Fell Into English Chan-
nel in Effort to Cross It, Sails
53 Miles an Hour.

BETHENY AVIATION FIELD,
Rheims, Aug. 27.—Hubert Latham,
the French aviator, yesterday took
glorious revenge for the hard luck
which he experienced in his recent
attempt to cross the English Channel
and his indefatigable, but hitherto un-
successful efforts to accomplish some
notable achievement during the pres-
ent meeting, by establishing a new
world's record for distance, 154 kilo-
metres, 650 metres, or 98.88 miles.

Latham covered fifteen laps, or 150
kilometres, in 2 hours, 13 minutes, 9
seconds, and the full distance in 2
hours, 18 minutes 9 3-5 seconds, which
also are world records, the flight be-
ing at the rate of about 68 1/2 kilo-
metres an hour, as compared with
53 1/2 made by Wright at Lemans and
a fraction under 50 made by Paulhan
Wednesday.

Except for the one lap speed records
made by Bleriot and Curtiss this
week and Paulhan's time record in
the air, Latham now holds every re-
cord for distance and speed. Like
Paulhan, he descended only when the
gasoline tank was empty.

FOR SILVER SERVICE.

Board of Trade Takes Action to Se-
cure Funds.

At the suggestion of Mayor Davis,
the Gainesville Board of Trade have
taken up the matter of raising funds
for the purpose of a silver service for
the battleship Florida.

Parties desiring to contribute to
the fund can notify B. F. Hampton,
who is secretary, and the amounts
will be credited. Following is the
list of contributions up to last night:

B. F. Hampton	\$ 5.00
B. R. Colson	1.00
Shields Warren	1.00
H. S. Chubb	1.00
E. E. Cannon	1.00
H. B. Arnold	1.00
W. R. Thomas	1.00
W. W. Hampton, Jr.	1.00
E. D. Turher	1.00
H. P. Robinson	1.00
A. R. Harper	1.00
T. W. Shands	1.00
W. H. Anderson	1.00
R. G. Zetrouer	1.00
J. W. Blanding	1.00
E. G. Baxter	1.00
Dr. Geo. S. Waldo	1.00
Phifer Bros.	1.00
Geo. K. Broome	1.00
Dr. H. C. Spencer	1.00
Hon. Frank Clark	1.00
Geo. Glass, High Springs	1.00

Contributions to the above fund will
be received from parties residing at
any point in Alachua county.

BABY'S TERRIBLE WATERY ECZEMA

Itching Humor Broke Out on Tiny
Mite's Cheeks—Would Tear His
Face Till Blood Streamed Down
Unless Hands were Bandaged—
Spent \$50 on Useless Treatments.

CURED BY CUTICURA AT COST OF BUT \$1.50

"When my little boy was two and a
half months old he broke out on both
cheeks with ec-
zema. It was the
itchy, watery kind
and we had to
keep his little
hands wrapped up
all the time, and
if he would hap-
pen to get them
uncovered he
would claw his
face till the blood
streamed down on
his clothing. We
called at once, a
physician in a phy-
sician at once, but
he gave an ointment which was so
severe that my babe would scream when
it was put on. We changed doctors and
medicines until we had spent fifty dol-
lars or more and baby was getting
worse. I was so worn out watching
and caring for him night and day that
I almost felt sure the disease was in-
curable. But finally reading of the
good results of the Cuticura Remedies,
I determined to try them. I can truth-
fully say I was more than surprised, for
I bought only a dollar and a half's worth
of the Cuticura Remedies (Cuticura
Soap, Ointment and Pills), and they did
more good than all my doctors' medi-
cines I had tried, and in fact entirely
cured him. I will send you a photo-
graph taken when he was fifteen months
old and you can see his face is perfectly
clear of the least spot or scar of any-
thing. If I ever have this trouble again,
I will never think of doctoring but will
send for the Cuticura Remedies at once.
As it is, I would never think of using
any other than Cuticura Soap for my
babe. You are at liberty to publish
this, it may help some distressed mother
as I was helped. Mrs. W. M. Comer, of
Burnt Cabins, Pa., Sept. 15, 1908."

Cuticura Soap (25c), Ointment (50c), Resolvent
(50c), and Chocolate Coated Pills (25c), are sold
throughout the world. Deposits: London, 27, Char-
terhouse Sq.; Paris, 5, Rue de la Paix; Australia,
R. Towns & Co., Sydney; South Africa, London,
Ltd., Cape Town, Natal, etc.; Potter Drug & Chem.
Corp., Sole Importers, 137 Columbia Ave., Boston.
Mail Order Free. Cuticura Soap & Ointment.

PETITION FOR ELECTION.

To the Honorable Board of Public
Instruction, Gainesville, Alachua Coun-
ty, Florida—We, the undersigned
voters and tax-payers residing in the
Trenton Special District, petition your
Honorable Body to call an election
for the purpose of changing the bound-
aries of the said Special District so
as to embody the hereinafter describ-
ed territory, and to elect trustees for
the same, and to name the millage
that shall be assessed on said terri-
tory:

Beginning at the SW. corner of Sec.
19, Tp. 10, R. 15, and running North
4 miles, thence East 3 miles, thence
North 3 1/2 miles, thence East 3 miles,
thence South 3 miles, thence West 1
mile, thence South 1 mile, thence East
1 mile, thence North 1 1/2 miles, thence
East 1 mile, thence South 3 miles,
thence West 3 miles, thence South
to the Levy county line, thence West-
ward along the county line to begin-
ning point. (Signed)

W. A. Brawniff, S. G. Gar, J. R.
Beach, W. A. Lindsey, J. P. Watson,
W. E. Bell, B. F. Williams, R. L.
Tison, H. F. Brooker, W. H. Jones, A.
L. Sanders, W. F. Beach.

Note—The above petition will be
acted upon by the Board of Public In-
struction of Alachua county, Florida, at
the meeting to be held on September
6th, 1909.

SHERIFF'S SALE.

Notice is hereby given that under
and by virtue of an execution issued
July 30, 1909, by the Clerk of the
Circuit Court of Alachua county, Flor-
ida, directed to all and singular the
sheriffs of the State of Florida, upon
a certain foreign judgment recorded
in said Circuit Court, in favor of J.
I. Williams, plaintiff, and against M.
R. Davis, defendant, I, P. G. Ramsey,
Sheriff of Alachua county, Florida,
have levied upon as the property of
he said defendant, M. R. Davis, the
following described lands, situated in
Alachua county, Florida, to-wit:

Lots 2 and 4, B. 13, south of rail-
road in the Town of Hague, according
to the recorded plat thereof, also
fractional E 1/4 Sec. 2, Tp. 9, S. R. 19,
E. 2, containing 46 48-100 acres more or
less, and with, between the legal
hours of sale, on Monday, the 6th
day of September, A. D. 1909, sell the
same at public outcry to the highest
and best bidder therefor, for cash, be-
fore the Court House door at Gains-
ville, Florida, to satisfy said execution
and costs.

P. G. RAMSEY,
Sheriff, Alachua County, Florida.
T. B. ELLIS, JR.
Attorney for Plaintiff

Active at 87.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not
only a seed dollar which grows a profit for the
merchant but is actually retained by him even
after he has paid it to the publisher.

Advertising creates a good will worth the
cost of the publicity.

It actually costs nothing. While it uses
funds it does not use them up. It helps the
founder of a business to grow rich and at the
same time keeps his business from not dying
when he does.

It eliminates the personal equation. It per-
petuates confidence in the store and makes it
possible for a merchant to withdraw from busi-
ness without having the profits of the business
withdrawn from him. It changes a name to
an institution—an institution that will survive
after the death of its builder.

It is really an insurance policy which costs
nothing—pays a premium each year instead of
calling for one, and renders it possible to
change the entire personnel of a business
without disturbing its prosperity.

Advertising renders the business stronger
than the man—independent of his presence. It
permanentizes systems of merchandising, the
track of which is left for others to follow.

A business which is not advertised must
rely upon the personality of its proprietor, and
personality in business is a decreasing factor.
The public does not want to know the man who
owns the store—it isn't interested in him, but
in his goods. When an unadvertised business
is sold it is only worth as much as its stock of
goods and fixtures. There is no good will to
be paid for—it does not exist—it has not been
created. The name over the door means noth-
ing except to the limited stream of people
from the immediate neighborhood, any of
whom could tell you more about some store
ten miles away which has regularly delivered
its shop news to their breakfast tables.

It is as shortsighted for a man to build a
business which dies with his death or ceases
with his inaction as it is unfair for him not
to provide for the continuance of its income to
his family.

(Copyright, 1908, by Tribune Company, Chicago.)

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth ask-
ing for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a
home, whether it is a ready-made business or a lost pocket-
book—is obtained readily through advertising, and with
difficulty, or not at all, through other means.

THE SUN "WANT" ADS. BRING RESULTS

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit

a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four lobbies.
One laundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.

Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Three furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railway systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Four cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
One semi-weekly newspaper.
Five life insurance agencies.
First-class sewerage system.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."
The finest opera house in the State outside of Jacksonville.
A Government building soon to be erected to cost when completed \$150,000.
Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granite sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery Confederate monument, etc., surrounding it, make it a most attractive picture.

Who Pays For Your Printing?

Poor printing is a detriment to any business, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.

Mr. and Mrs. H. L. Phifer will leave today for New York City and other points of interest, the trip in all to cover a period of about three weeks. Friends wish for them a pleasant voyage.

Take Kodol at the times when you feel what you have eaten is not digesting. Kodol digests what you eat so you can eat sufficiently of any good, wholesome food, if you will just let Kodol digest it. Sold by all druggists.

W. J. Lock, deputy sheriff of Wilcox, was in the city Friday. He came here for the purpose of bringing Ed Coffee, a negro convicted in Justice J. M. Everett's court on a charge of larceny of clothing from another negro. He was given sixty days.

If you are all run down Foley's Kidney Remedy will help you. It strengthens the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which run the gamut. Do not delay. Take Foley's Kidney Remedy at once. J. W. McCollum & Co.

Leslie Robinson, one of the most prominent young business men of Ocala, was in the city yesterday for the purpose of witnessing the ball contest. He is the son of "Sunny Jim" Robinson and is probably the youngest man in the State that has such large interests to look after, which include a number of naval stores plants, mills and also a drug store, which is the leading one in the Brick City.

The best remedy we know of in all cases of kidney and bladder trouble, and the one we always can recommend, is DeWitt's Kidney and Bladder Pills. They are antiseptic, and at once assist the kidneys to perform their important work. But what you ask for these pills be positive that you get DeWitt's Kidney and Bladder Pills. There are imitations placed upon sale to deceive you. Get DeWitt's. Insist upon them, and your dealer cannot supply you—return anything else in place of them. Sold by all druggists.

George Main, the official agent of the Jacksonville and Tampa railroads and Southern Railway Company at Rocky Point, has come to Gainesville and other Eastern cities to spend his vacation. He stopped over a day at the Commercial Hotel and will leave for Jacksonville tomorrow morning.
